

Tiffany
LOUNGE

Every season brings with it a newfound feeling of change and with that, curiosity, joy and excitement of what is next to come. And just as nature promises a warm embrace of winter air, we promise to bring the inspiration of these colours, tastes and ingredients into our restaurant.

Winter is a season of romantic walks in the park, acoustic songs and joyful dances paired with heart-warming friendships, cinnamon spices and candle-lit dinners.

But more than that fall is nature's promise to give you an experience of comfort, mystery and fulfilment- all of which we inspire to embody in our autumn dishes and hope to see you enjoy at their fullest here at Tiffany Lounge.
